### **Other Work**

I voluntarily worked for an organization that assist and teaches young girls and boys how to be organised including finance and personal circumstances. The program was originally designed for leaving care young people, helping with homework. My role required me to help the young people with reading and answering questions about their task. The placement lasted approximately four months. In addition to that I also worked for the workshop known as Card Fairy Leicester. My role involved taking care of the elderly ones and providing some assistance to their needs.

### **Leisure interests**

In my spare time, I like to travel, read and take part in some sport activities in which includes tennis, surfing, fishing and swimming. I also have interest in doing history research online as well as shopping online.

### **Personal statement**

I am a pro-active person with various experiences, after having worked in several different fields. Therefore, I have gained enormous experience in the past 4 years. Working as a customer service has helped me to gain some people's skills and learned to be patience. I am a diligent and very competent person who is able to use own initiative and I can work as part of a team to achieve successful results. As

a young person, I have lived and worked with people of different nationality and background. This has helped me to become more tolerant and self-observed. I have also learned to adapt to different work demands and situation. I am now able to cope with work that may put me under pressure. I am ready and prepared to learn more and new experience so that I can improve my skills.
